Converged Solutions and Services Receives Telecommunication Industry's Top Award

*Technology Assurance Group (TAG)
Selects Converged Solutions and
Services as its Premier
Telecommunication Company at the
2007 TAG National Convention*

DELRAY BEACH, FL — March 27, 2007 — Converged Solutions and Services, a leader in business communications, announced today that the company received one of Technology Assurance Group's top awards at the association's 2007 National Convention held in San Diego in March. Technology Assurance Group (TAG), a national organization of independently owned telecommunication companies representing over \$350 million in products and services, selected Converged Solutions and Services as the winner of the "Sales Performance Award" for exceptional economic performance and superior customer satisfaction.

The distinguished award is based on overall financial performance, customer satisfaction, and the ability to provide companies with cost effective and state-of-the-art communication solutions. "Converged Solutions and Services was recognized as one of the truly great companies in our industry," said Dale Johnson, president of Technology Assurance Group. "The company's sophisticated management team, led by its Chief Technology Officer Mark R. Kruger, achieved significant success in an industry

known for rapid change. By staying at the forefront of the latest trends in technology, they helped their customers improve productivity, increase profitability, and give them a competitive advantage."

"This award illustrates our commitment to complete customer satisfaction," said Mr. Kruger. "It is a direct result of our company properly implementing better business practices, building long lasting relationships with all of our customers, educating our team of professionals and empowering them to share their knowledge, and enhancing our performance on a daily basis. We're extremely proud of this achievement and we're striving to exceed this accomplishment in 2007."
